The electric scooter comes with 16-inch wheels

The Okinawa Okhi-90 comes with a competitive price tag for the range it offers

Okinawa Autotech has launched the Okhi-90 electric scooter that has a sticker price of Rs. 1.22 lakh (ex-showroom, including Fame 2 subsidy).

The electric scooter comes with an LED headlight, 16-inch alloy wheels, keyless start, digital speedometer with built-in navigation, Bluetooth connectivity, geofencing, secure parking, USB port, among other features.

In addition, customers can make use of the Okinawa Connect App to access a plethora of features including 'Find My Scooter' function and ride scores, among several others.

It comes with a 3-year warranty for the battery

Sporting a removable 72 V 50 Ah Lithium-ion battery, the Okhi-90 is powered by a 3.8 kW electric motor. The scooter can cover 160 km

(claimed) on a single charge and has a top speed of 90 km/hr.

Okinawa says the Okhi-90 supports fast charging. The electric scooter also comes with 2 ride modes (Eco and Sports), and is available in colour options such as Glossy Ash Grey, Glossy Jewellery Blue, Glossy Pearl White and Glossy Wine Red.

While the asking price of Okinawa Okhi-90 post Fame 2 subsidy alone is Rs. 1,21,866/- (ex-showroom), below are the rates of the EV in a few States –

State	Price
Gujarat	Rs. 1,01,866/-
Delhi	Rs. 1,03,866/-
Maharashtra	Rs. 1,03,866/-
Rajasthan	Rs. 1,14,866/-
Odisha	Rs. 1,16,866/-

Prices are ex-showroom post Fame 2 and State subsidies
