Maharastra	Rs 1,03,866
Gujarat	Rs 1,01,866
Rajasthan	Rs 1,14,866
Orissa	Rs 1,16,866

Talking about its specifications, the Okinawa Okhi 90 electric scooter is offered with a 3.6kWh removable lithium-ion battery pack coupled with a 3.8kW electric motor, which is IP-65 certified. It gets two riding modes, Eco and Sport. The company claims a maximum riding range of 160 km in the Sport mode while in the Eco mode it is claimed to offer up to 200 km on a single charge. It has a massive boot space of 40 litres and is the first scooter in India to ride on 16-inch wheels, as previously reported by us [exclusively](#).

In terms of features, the Okhi 90 gets an all-digital LCD instrument cluster in its base variant while the top-spec variant gets a TFT screen with Bluetooth connectivity and turn-by-turn navigation. The price of the base variant hasn't been revealed yet but the company sources told us that it will be Rs 4,000 – Rs 5,000 cheaper than the top model. The Okinawa Okhi 90 features a knob-style automatic keyless start, a USB charger in the boot, etc. Also, this electric scooter has a top speed of 90 kmph and its charging time from 0 to 100 per cent is claimed to be 3-4 hours.

Speaking at the launch event, Jeetender Sharma, Managing Director & Co-founder, Okinawa Autotech, stated, "We are ecstatic and incredibly proud to be bringing the OKHI-90 to the Indian market after almost 1.8 years of research and development. The Okinawa OKHI-90 has the potential to completely transform the user's perception of electric two-wheelers. The scooter not only goes a notch up with its par excellence performance but is also designed to be the ideal two-wheeler that customers demand in today's world.

He further added, "We have combined the power of cutting-edge technology, which is exclusively conceived for urban commuting, with an exceptionally durable frame to make OKHI-90 "The Responsible Choice". On-the-go high performance, quick charge capabilities and immense battery capacity have been provided to cater to the evolving needs of customers as EV adoption picks up rapidly in India."
